

# CRAPPIE NOW!

## Crappie Size Limit Survey By State

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
AL	10-11-inches	yes	15-25-crappie	no	
AL	9-inches-or-less	yes	30-crappie-or-more	undecided	
AL	9-inches-or-less	yes	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	40 years fishing on Alabama river and never been checked by game and fish , go figure ! Increased size limit to 10 inches is needed , millers ferry's and up river needs the mouths of lakes dredged so fish can have access to lakes and brush to spawn and have place's for fry to develop!
AL	9-inches-or-less	no	15-25-crappie	no	
AL	9-inches-or-less	yes	30-crappie-or-more	no	I'd like to see some of Alabama's lakes made into trophy crappie lakes. Lakes such as Guntersville and Weiss. Guntersville is known for big fish of all species already and if we had a 12" limit Guntersville would rival the Mississippi lakes. Maybe even do a slot limit of some kind. I saw where a biologist from Oklahoma said it was nearly impossible to manage for a trophy crappie lake, but if they're doing it with results like Grenada Lake is having, I don't see why Guntersville couldn't do the same.
AL	9-inches-or-less	no	30-crappie-or-more	yes	just learning the ropes of crappie fishing. It's great
AL	9-inches-or-less	undecided	30-crappie-or-more	no	
AL	no-statewide-size-limit	no	30-crappie-or-more	no	Anything under 9inches does not yeild enough meat to justify the death of the fish.
AL	10-11-inches	no	30-crappie-or-more	no	
AL	no-statewide-size-limit	yes	30-crappie-or-more	no	No size limit on Lake Eufaula . I think there should be but understand it would be difficult because Georgia and Alabama both share the lake and both states may have different opinions
AL	9-inches-or-less	yes	15-25-crappie	yes	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	9 in min 30 per person except on Weiss lake it 10 inches I believe. Me personally would like to see everywhere go to 10 in - 20 per person

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
AL	9-inches-or-less	no	15-crappie-or-less	no	
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	Too many out of state fishermen come here and stay and load there freezers, then head home, up out of state liscenses
AL	9-inches-or-less	undecided	15-25-crappie	no	Should be slot limit imo. Keep One or two fish above 16" a day....throw back 14-16" and keep everything else within the regulations.
AL	9-inches-or-less	yes	30-crappie-or-more	no	I fell like the state should go to a 10 inch or Lager size limit across the whole state. And also maybe the state should have more control of the water levels that Alabama power company control. Make better spawn for the fish.
AL	9-inches-or-less	undecided	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	I crappie fish 50+ days a year. I would be in support of an increase in size limit to 10" and possibly lowering the creel limit to 20 per person per day. Where I fish there are lots of short fish and plenty of legal size as well, but the quality could definitely be improved by increasing a larger size limit. (If you could not catch the same
AL	9-inches-or-less	yes	30-crappie-or-more	yes	
AL	10-11-inches	yes	30-crappie-or-more	no	Creel limit is fine. It's a renewable resource so alls good. But I'd like to see a bigger size limit. Not as many hitting the grease but it would be nice to not snatch all 9-10" fish
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	The pressure on crappie with more peope fishing and new tech, guides taking limits out every time they go. My home lake is already hurting
AL	9-inches-or-less	no	15-crappie-or-less	yes	
AL	9-inches-or-less	yes	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	10-11-inches	no	30-crappie-or-more	no	It's ok.
AL	10-11-inches	no	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	no	In Alabama size limit is,9"or longer and you can keep no morr than 30 a day.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
AL	9-inches-or-less	yes	30-crappie-or-more	undecided	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	Yes smaller creel limit maybe 15 or 20 per person. Size limit should be 10 or 11 inches. Alabama non resident fishing license should cost more.
AL	9-inches-or-less	no	30-crappie-or-more	no	Crappie are so prolific, they maintained quality populations even before size and creel limits.
AL	9-inches-or-less	no	30-crappie-or-more	no	I feel as though you should only be able to keep 9" thru 14" Crappie up to 30 total and one (1) Crappie over 16".
AL	9-inches-or-less	yes	30-crappie-or-more	no	
AL	9-inches-or-less	no	30-crappie-or-more	yes	I believe Alabama should go to a 15 fish limit. 10 inches or greater
AL	9-inches-or-less	yes	30-crappie-or-more	no	i would like to see Al go to a 10' limit
AL	9-inches-or-less	yes	30-crappie-or-more	yes	Too many non residents catching bare minimum sized crappie, and too many crappie, and transporting back out of state. Also, residents are catching the daily
AL	9-inches-or-less	yes	30-crappie-or-more	yes	I think guntersville lake should go to a 10" size limit, and 20 creel limit.
AL	9-inches-or-less	no	30-crappie-or-more	no	If you think the size limit should be higher, keep bigger fish. If you think the creel limit should be less, keep less fish.
AL	9-inches-or-less	no	30-crappie-or-more	no	if it works dont fix it
AL	9-inches-or-less	no	30-crappie-or-more	no	There is no shortage of Crappie in the Tennessee River or its tributaries in our area. As far as size limits, a 9" Crappie is smaller than I will keep because I filet
AL	9-inches-or-less	undecided	30-crappie-or-more	undecided	I wouldn't mind a 10" minimum and a 20 a day limit in alabama. There are hundreds if not thousands more fishermen than when I was a kid and my local fishing areas show it. I know crappie reproduce by the hundreds and are plentiful, but why waste them. Let us be responsible about my beloved fish.
AL	9-inches-or-less	yes	30-crappie-or-more	yes	A size and creel limit that is adjusted on an annual basis to provide the best numbers and quality 4 Fishing
AL	9-inches-or-less	yes	30-crappie-or-more	no	I agree with the state size limit of 9 inches, however I do not agree with the limit. I think it should be unlimited.
AL	9-inches-or-less	no	15-25-crappie	no	Fine the way it is.
AL	9-inches-or-less	no	15-25-crappie	yes	None of your questions fit this states limits. Not 12 inches or lest. Limit 9 inches period. Crappie limit catch is 30 or. Less.
AL	no-statewide-size-limit	no	no-statewide-size-limit	yes	
AL	9-inches-or-less	yes	15-crappie-or-less	no	Question #4 In Alabama it's 9" or larger not less
AL	9-inches-or-less	yes	30-crappie-or-more	no	All states should have a 10 inch limit. I think 30 is a good creel limit.
AL	9-inches-or-less	yes	30-crappie-or-more	yes	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	
AL	9-inches-or-less	no	30-crappie-or-more	yes	I think Size limits are good for some lakes but not for others. It has to do with the health of the lake and the fish. Most of the lake I fish here in Alabama have a 30 fish limit and a 9" role . But I find myself only keeping what I can consume in a meal or two . Witch is about seven to ten fish in the 10"-14" range. (If I catch them. LOL If not I don't keep them and I go home . But that's just me ) I think my state should have a limit of 15 creel and 9" size if the lake and the fish population is healthv.
AL	10-11-inches	no	30-crappie-or-more	yes	
AL	9-inches-or-less	yes	30-crappie-or-more	no	Alabama state size limit should be increased to 10"
AL	9-inches-or-less	no	30-crappie-or-more	no	More lake by lake research needs to be conducted to be sure that Alabama has the right limits for each lake.
AL	9-inches-or-less	yes	30-crappie-or-more	yes	
AL	9-inches-or-less	no	30-crappie-or-more	no	
AL	9-inches-or-less	yes	30-crappie-or-more	yes	
AR	10-11-inches	undecided	15-crappie-or-less	no	I live in north Arkansas and fish the white river chain of lakes where the limit is 15 at 10 in or better. The rest of the state is set at 30 with some lakes having no length limit.
AR	no-statewide-size-limit	undecided	15-25-crappie	yes	
AR	no-statewide-size-limit	yes	30-crappie-or-more	yes	
AR	no-statewide-size-limit	yes	30-crappie-or-more	yes	
AR	no-statewide-size-limit	no	15-25-crappie	yes	
AR	no-statewide-size-limit	undecided	15-25-crappie	undecided	
AR	no-statewide-size-limit	no	30-crappie-or-more	no	Some lakes have size and creel limits
AR	10-11-inches	undecided	30-crappie-or-more	undecided	Only certain lakes have size limit of 10 inches or large the limit use to be 25 on the upper portion of the state and 30 on the lower now is 30 cross the state I see the benefit of of size limit in the lakes that have them not sure if should be cross the board unless a 7 inches for the whole state and certain lakes carries there on size
AR	10-11-inches	no	30-crappie-or-more	undecided	
AR	no-statewide-size-limit	yes	30-crappie-or-more	no	The daily limit I don't feel is an issue I really don't think size limit is to much of an issue I'm sure it helps produce bigger crappie and it can't hurt the population but I see a lot of fishermen keep crappie that are way too small id like to see a size limit but not a biq size limit around 8-9 in.
AR	10-11-inches	no	30-crappie-or-more	no	
AR	no-statewide-size-limit	undecided	15-25-crappie	yes	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
AR	no-statewide-size-limit	no	30-crappie-or-more	no	Crappie fishing in Arkansas on the whole is good. I have studied where there are stunted crappie it is because not enough crappie are being taken out and it is hard to harvest enough. I feel you can not harvest enough crappie to hurt most lakes crappie population...
AR	no-statewide-size-limit	undecided	15-25-crappie	undecided	on another note if you can figure out how to get rid of the flying Chinese evasive carp there would be more places that would hold carp like the good old days.
AR	no-statewide-size-limit	undecided	15-25-crappie	undecided	One of our best lakes has a 10 inch length limit. Others have none AGFC sets the size limit on those lakes that have one because of fishing pressure and public input plus sampling.
CA	no-statewide-size-limit	no	15-25-crappie	yes	none
CA	no-statewide-size-limit	yes	15-25-crappie	yes	15/ no females
CA	no-statewide-size-limit	yes	15-25-crappie	undecided	should have a size limit over 8"
CO	10-11-inches	yes	15-crappie-or-less	yes	
CO	no-statewide-size-limit	yes	15-25-crappie	no	the size should be 9 inch
CO	10-11-inches	no	15-crappie-or-less	no	
CO	no-statewide-size-limit	yes	15-25-crappie	yes	Colorado is receiving such an increase in angling pressure that is needs to drop the bag limit and institute a state wide 10" minimum on the larger bodies of water.
FL	no-statewide-size-limit	yes	15-25-crappie	undecided	
FL	no-statewide-size-limit	no	15-25-crappie	no	
FL	no-statewide-size-limit	yes	15-25-crappie	no	Florida has no statewide size limit, but a 25 creel limit. Some lakes do have a special size limit. With the varying ecosystem and environment variables, it needs to be taken into consideration regionally to determine r creel limits or size limits, everywhere in the state should be min 10 or better no matter the body of water
FL	no-statewide-size-limit	no	15-25-crappie	no	I have never caught my limit of 25 a lot of people apparently do. Do not think size limits are effective
FL	no-statewide-size-limit	yes	15-25-crappie	yes	
FL	no-statewide-size-limit	yes	15-crappie-or-less	undecided	
FL	no-statewide-size-limit	yes	15-25-crappie	no	10 in. 25 limit
FL	no-statewide-size-limit	yes	15-25-crappie	yes	
FL	12-inches-or-more	no	15-25-crappie	no	Only certain Lakes in Florida have size limits.
FL	10-11-inches	no	15-25-crappie	no	Need more lakes to have a size limit because not all lakes in Florida do
FL	12-inches-or-more	no	15-crappie-or-less	no	
FL	no-statewide-size-limit	undecided	15-25-crappie	no	25 per person per day
FL	10-11-inches	no	15-25-crappie	no	
FL	9-inches-or-less	no	15-25-crappie	no	The state wildlife commission has done a good job of regulation.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
FL	no-statewide-size-limit	yes	15-25-crappie	yes	
GA	no-statewide-size-limit	yes	30-crappie-or-more	yes	Would like to see a 10" size limit
GA	10-11-inches	undecided	30-crappie-or-more	undecided	I fish weis lake in Alabama, great sustainability crappie project!!!
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	9 inch size limit, 30 per day
GA	no-statewide-size-limit	no	30-crappie-or-more	no	creel limit in GA is 30 which is great to me.
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	I myself only keep 10" or more fish. Fish 2lbs or better go back in after pictures.
GA	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	
GA	no-statewide-size-limit	yes	15-25-crappie	no	10" size limit , 25-30 per person per day
GA	no-statewide-size-limit	undecided	no-statewide-size-limit	undecided	I am 80+ years and I don't get to fish much . I gust like reading about crappie fishing any more. I don't fish from a boat now and it is hard to find a place on the bank to fish. I have caught my share of crappies in Ohio and Alabama, This is not what you wanted to hear in your survey but keep good crappie stories coming so older fishermen can set the hook from our easy c hair. Thank you Ivan thackery ithackery@gmail.com
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	Wish Georgia had 10 inch limit
GA	10-11-inches	no	30-crappie-or-more	no	
GA	no-statewide-size-limit	yes	30-crappie-or-more	yes	
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	Georgia should have at least a 10 inch size .our 30 creel limit is fine !
GA	no-statewide-size-limit	no	30-crappie-or-more	no	
GA	no-statewide-size-limit	undecided	15-25-crappie	undecided	
GA	no-statewide-size-limit	no	30-crappie-or-more	no	
GA	9-inches-or-less	yes	30-crappie-or-more	yes	With no Lenght limit there are to many small crappie being kept. This creates a shortage of fish and of quality fish (10 Inches and up). If the state is unwilling to change the length limit I'd like to see them lower the creel limit from 30 to 20.
GA	12-inches-or-more	yes	15-25-crappie	no	
GA	no-statewide-size-limit	yes	15-25-crappie	no	
GA	no-statewide-size-limit	yes	30-crappie-or-more	yes	My home lake is Jackson Lake near Monticello GA. I average fishing 70 days a year and fish during every month. I rarely catch crappie over 13 inches in length. I have only caught one crappie over 15 inches. The majority of the crappie I catch. are in the size range 8 to 10 inches. There are plenty of this size and smaller. I usually practice catch and release and only occasionally keep crappie to eat. When I keep fish to eat, I only keep crappie that measure between 9 and 12 inches. The crappie in Jackson Lake appear healthy and numerous but they are no where near the size of the crappie that are caught on Lake Oconee, a lake that is about 35 miles to the East.
GA	no-statewide-size-limit	yes	30-crappie-or-more	no	a 9 inch limit would be great

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
GA	9-inches-or-less	yes	30-crappie-or-more	no	Creel should be 12 crappie per person. Crappie should be longer than 11 inches. Crappie under 11 inches
GA	10-11-inches	undecided	30-crappie-or-more	no	
GA	no-statewide-size-limit	no	30-crappie-or-more	no	
IA	no-statewide-size-limit	no	15-25-crappie	no	
IA	no-statewide-size-limit	yes	no-statewide-size-limit	yes	
IA	no-statewide-size-limit	no	15-25-crappie	no	
IA	no-statewide-size-limit	no	15-25-crappie	no	Dont have a size limit but I dont keep any less then 9 inches our creel limit is 25 and I only keep 10 or 12 at a time
IA	no-statewide-size-limit	yes	no-statewide-size-limit	yes	We winter at lake o Pines Tx Dec to April. The law here is great Keep all from Nov to end of Feb then 10 inch. Great. Grow Crappie.
IA	no-statewide-size-limit	undecided	15-25-crappie	no	
IA	no-statewide-size-limit	yes	15-25-crappie	yes	Weather permitting I fish 5 days a week, not weekends. The are many of my friends that are still upset that we have a daily limit. I only keep enough to eat. I have been doing that for 65 years.
IA	no-statewide-size-limit	yes	15-25-crappie	no	I think the state should go to at least a 9" size limit to let some of these crappie grow to better size.
IA	no-statewide-size-limit	no	15-25-crappie	no	
IA	no-statewide-size-limit	yes	15-25-crappie	no	
IA	no-statewide-size-limit	undecided	15-25-crappie	no	I would like to see a minumem length of ten inches implemented in Iowa
ID	no-statewide-size-limit	undecided	no-statewide-size-limit	yes	No limit no size. Believe that's not a good approach.
IL	10-11-inches	yes	15-crappie-or-less	yes	In our state of Illinois, size limits and creel limits vary from lake to lake. I think both limits should be based on each lake's situation. Electro surveys on a regular basis should be done by qualified people and decisions should be made on proper information about the lake. Each lake has it's own personality, different in structure, water quality, fishing pressure and the general make-up of each lake.
IL	no-statewide-size-limit	undecided	no-statewide-size-limit	yes	
IL	no-statewide-size-limit	no	15-25-crappie	no	No comment.
IL	no-statewide-size-limit	yes	no-statewide-size-limit	yes	
IL	9-inches-or-less	no	15-crappie-or-less	no	
IL	no-statewide-size-limit	no	no-statewide-size-limit	no	Illinois has various site specific regulations I believe our crappie are being cared for in a responsible manner.
IL	no-statewide-size-limit	yes	no-statewide-size-limit	yes	9"/25*
IL	10-11-inches	no	15-crappie-or-less	no	Ten fish per fisherman 10" size
IL	no-statewide-size-limit	no	15-crappie-or-less	undecided	
IL	10-11-inches	no	15-crappie-or-less	no	I fish crystal clear strip pits and it is very hard to find crappie over 10", you do but rare., many at 8"-9". I believe it is do to competition for food and there are too many, maybe for a year or two have no size limit and see if that would improve size of fish, would need a fish biologist to monitor the lakes. That would never happen in Illinois. the money does other places.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
IL	no-statewide-size-limit	yes	no-statewide-size-limit	yes	Every lake sets their own limits
IL	no-statewide-size-limit	yes	15-crappie-or-less	undecided	Crappie over 12 should be CPR.
IL	no-statewide-size-limit	undecided	15-25-crappie	no	
IL	10-11-inches	yes	15-crappie-or-less	no	
IL	9-inches-or-less	yes	15-crappie-or-less	yes	
IL	no-statewide-size-limit	no	no-statewide-size-limit	no	
IL	no-statewide-size-limit	yes	no-statewide-size-limit	yes	10 inch size limit 25 creel limit
IL	9-inches-or-less	yes	15-crappie-or-less	no	Some lakes in Illinois have smaller creel limits such as 10 over 10" 5 under = 15" , also lakes with 9" with limits of 10
IL	10-11-inches	undecided	15-25-crappie	undecided	I think they are based on each lake. So every lake could be altered year to year.
IL	no-statewide-size-limit	yes	15-25-crappie	yes	
IL	10-11-inches	no	15-crappie-or-less	no	I live in Illinois, size and creel limit depends on the lake being fished. Each lake is
IL	10-11-inches	no	15-25-crappie	undecided	
IL	no-statewide-size-limit	no	30-crappie-or-more	no	
IL	no-statewide-size-limit	no	15-25-crappie	yes	
IL	10-11-inches	yes	15-25-crappie	no	
IL	no-statewide-size-limit	no	no-statewide-size-limit	yes	I would like to see regulations to not keep the larger fish. If we would release the larger ones it would improve the fishing in the long run.
IL	no-statewide-size-limit	undecided	no-statewide-size-limit	no	I think lake by lake not statewide anything. DNR can manage the lakes
IN	no-statewide-size-limit	yes	15-25-crappie	no	Too .many people keeping 6 inch crappie
IN	no-statewide-size-limit	undecided	15-25-crappie	no	
IN	no-statewide-size-limit	yes	15-25-crappie	undecided	
IN	no-statewide-size-limit	yes	15-25-crappie	no	I would like to see at least a 9" size limit on crappie in Indiana. I have a self imposed size limit of 9" but not everyone does and lots of small fish are taken in mass quantities
IN	no-statewide-size-limit	yes	15-25-crappie	yes	
IN	no-statewide-size-limit	undecided	no-statewide-size-limit	undecided	Yes there should be a limit on crappie creel size to many people 100 plus fish day after day
IN	no-statewide-size-limit	yes	15-25-crappie	no	
IN	no-statewide-size-limit	undecided	15-25-crappie	no	I think a creel limit should be placed on crappie over 13" to help keep larger crappie in the system. Crappie smaller than 9" would likely be thrown back, so I'd like to see keeper size of 9"-13" to be encouraged.
IN	no-statewide-size-limit	yes	15-25-crappie	no	
IN	no-statewide-size-limit	yes	15-25-crappie	no	no size limit, allowed 25 crappie per day
IN	10-11-inches	no	30-crappie-or-more	yes	
IN	no-statewide-size-limit	no	15-25-crappie	no	
IN	no-statewide-size-limit	undecided	15-25-crappie	no	
KS	10-11-inches	undecided	15-25-crappie	no	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
KS	no-statewide-size-limit	yes	30-crappie-or-more	no	Many Kansas lakes maintain their own creel limits in terms of both size and number in creel. White crappie, in some of the smaller lakes, can get out of control. Last few years KDWP has been suggesting black crappie only for smaller lakes
KS	no-statewide-size-limit	no	30-crappie-or-more	no	State sets creel on certain lake's. Creel and size difference vary only on listed or posted lakes
KS	10-11-inches	undecided	15-25-crappie	no	
KS	no-statewide-size-limit	yes	30-crappie-or-more	yes	I think a size limit of at least 10" is beneficial. Creel limit to 25 fish daily.
KS	no-statewide-size-limit	no	30-crappie-or-more	no	Many lakes have more restrictive regulations such as 10", 20 fish.
KS	10-11-inches	no	15-25-crappie	yes	some of the lakes get heavy fishing pressure
KS	9-inches-or-less	yes	15-crappie-or-less	no	Think it should be 10 inches
KS	10-11-inches	no	15-25-crappie	no	I fish Eldorado federal lake, we have a 20 fish limit. Some lakes in Kansas have a length limit. Don't know which is best it is up to the individual biologist for that lake. The ones with the length limit, have a 50 fish limit.
KS	no-statewide-size-limit	undecided	no-statewide-size-limit	undecided	
KS	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	
KY	10-11-inches	yes	15-25-crappie	no	
KY	10-11-inches	yes	15-25-crappie	no	
KY	no-statewide-size-limit	undecided	15-25-crappie	yes	State has no length limit, but since I mainly fish a lake that has a 10" size limit I think it's really a lake by lake decision.
KY	no-statewide-size-limit	yes	30-crappie-or-more	no	Our state has no size limit state wide, but individual lakes have size limits. I believe my state focuses more on the central and western sides of the state than they do the eastern side. This applies to hunting and fishing. I would love to see size limits placed on my home lakes of Grayson and Yatesville. I catch a very large number of small crappie and a very small number of crappie over 10 inches
KY	10-11-inches	yes	15-25-crappie	yes	10 inch 20 limit wish go to over 12 inch and 15 creek limit and do away with spider
KY	no-statewide-size-limit	undecided	15-25-crappie	undecided	Statewide no size and 20 per day Some lakes 10" and 20 per day
KY	10-11-inches	undecided	15-25-crappie	yes	I fish west ky size limit would be fine creel limit needs to decrease. We do not seem to have near the numbers
KY	9-inches-or-less	yes	15-crappie-or-less	no	I'd like to see a 10 size limit and 15 creel limit statewide due to the growing popularity of crappie fishing.
KY	no-statewide-size-limit	no	15-25-crappie	no	
KY	9-inches-or-less	no	15-25-crappie	no	I like the 9 inch limit bc I would rather eat a 9-11 inch fish than the larger ones. The main reason tho, (which I read at some point and can't account for its creditability) to my understanding is the larger female crappie produce a significantly larger amount of eggs than a smaller crappie. In the last year or so ky has reduced the limit from 30 to 20 which I think was a GREAT idea.
KY	no-statewide-size-limit	yes	30-crappie-or-more	no	Should be 10" state wide. Size now varies by lake.
KY	10-11-inches	no	15-25-crappie	no	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
KY	9-inches-or-less	yes	15-crappie-or-less	no	I fish mostly in Tennessee, in my favorite lake they have a 10" size limit with a creel limit of 10 fish, and it helps I believe, the lake is Norris, also both Cherokee, and Douglas have 10" size limit, with a 15 fish creel limit.
KY	10-11-inches	no	15-crappie-or-less	no	
KY	no-statewide-size-limit	no	no-statewide-size-limit	no	lakes have size and creel limits
KY	9-inches-or-less	yes	15-25-crappie	no	
KY	10-11-inches	no	15-crappie-or-less	yes	
KY	10-11-inches	no	15-25-crappie	no	
LA	no-statewide-size-limit	yes	30-crappie-or-more	undecided	Need 10" limit
LA	9-inches-or-less	no	15-25-crappie	no	I fish Toledo Bend and creel is 25 no size limit
LA	no-statewide-size-limit	no	30-crappie-or-more	no	
LA	no-statewide-size-limit	no	30-crappie-or-more	no	Seems to be fine.
LA	no-statewide-size-limit	yes	30-crappie-or-more	no	I think there should be a size limit of 10 inches. The creel limit is 25 per person to 50 per person depending on the lake
LA	no-statewide-size-limit	yes	15-25-crappie	yes	
LA	no-statewide-size-limit	yes	30-crappie-or-more	no	Louisiana has no size limit in state waters and has a creel limit of 50 per day.
LA	no-statewide-size-limit	yes	30-crappie-or-more	undecided	
LA	no-statewide-size-limit	yes	30-crappie-or-more	yes	State need to set limits on size ;creel limit. Wildlife & Fisher need to change a lot of rules in hunting; fishing in the state. Just look as MS. I hunt; fish over there for when I catch a fish I like for it to be of good size. One pound or better..
LA	no-statewide-size-limit	yes	30-crappie-or-more	yes	I feel the size limit should be reduced to min 10 inches and creel limit dropped to 30
LA	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	2 lakes Poverty Point has 25 creel per person and Toledo Bend is 25 per person. Everywhere else is 50 per person.
LA	no-statewide-size-limit	undecided	30-crappie-or-more	no	Louisiana is 50 per day, per person. This is way too much. Our border lakes, Toledo Bend/Caddo, have a 25 fish per person limit.....The entire state needs to go 25 fish limit.
LA	no-statewide-size-limit	undecided	15-25-crappie	undecided	I think they are fine
LA	no-statewide-size-limit	yes	30-crappie-or-more	no	
LA	no-statewide-size-limit	no	no-statewide-size-limit	yes	the lake I live on you can keep 50 any size. the fishermen will keep anything and everything. they will fish a brush pile out.
LA	no-statewide-size-limit	undecided	15-25-crappie	yes	
LA	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	
LA	no-statewide-size-limit	no	30-crappie-or-more	no	The fish are in good shape and are not over fished and most people do not come near catching their limit. Our waters are very shallow and crappie do not get large. Don't make crappie become bass fishing. Where large tournaments and money make the rules for the average fisherman
LA	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
MI	no-statewide-size-limit	yes	15-25-crappie	no	
MI	no-statewide-size-limit	undecided	15-25-crappie	no	
MI	no-statewide-size-limit	undecided	15-25-crappie	yes	
MI	no-statewide-size-limit	undecided	15-25-crappie	undecided	No need for size limits where I live. Many lakes here (UP Michigan)are lightly fished for crappie other than spawning time. Some of our lakes never intentionally fished for crappie, with crappie a happy accident most of the time.
MI	no-statewide-size-limit	undecided	15-25-crappie	no	Michigan has a 25 daily limit on "pan fish", blue gill, sun fish, perch, or in combination.
MI	no-statewide-size-limit	undecided	15-25-crappie	yes	
MI	no-statewide-size-limit	no	15-25-crappie	no	doing just fine
MN	no-statewide-size-limit	yes	15-crappie-or-less	undecided	There should be more trophy lakes bigger slot size and creel reductions
MN	no-statewide-size-limit	yes	15-crappie-or-less	yes	
MN	no-statewide-size-limit	no	15-crappie-or-less	no	
MN	no-statewide-size-limit	no	15-crappie-or-less	no	creel limit has been lowered before no need to lower again
MN	no-statewide-size-limit	yes	15-crappie-or-less	yes	Limited to ten and no size limit
MN	no-statewide-size-limit	no	15-crappie-or-less	yes	Here in the north it takes awhile for the rappies to grow. I would go for a max. length over a minimum.
MN	no-statewide-size-limit	undecided	15-crappie-or-less	yes	
MN	no-statewide-size-limit	yes	15-crappie-or-less	yes	
MO	9-inches-or-less	yes	15-crappie-or-less	no	I'd like to see Missouri change the size limit for keeping crappie from 9" to 10"
MO	10-11-inches	no	30-crappie-or-more	no	
MO	10-11-inches	no	15-crappie-or-less	no	We have a few lakes, where the minimum length limit is at 9 inches. But most of our lakes have a 10 inch length limit to be able to keep. 15 Crappie per person, is the maximum per day. Our lakes have both white and black Crappie.
MO	10-11-inches	no	15-crappie-or-less	undecided	
MO	no-statewide-size-limit	no	30-crappie-or-more	no	I am good with trained in biology folks making scientific decisions
MO	10-11-inches	no	15-crappie-or-less	undecided	
MO	no-statewide-size-limit	undecided	30-crappie-or-more	no	The state limit doesn't apply to nearly every lake. Just about every lake has a 9 or 10" limit and 15 fish limit. I like the 15 fish limit, but wish they would all go to 10"
MO	9-inches-or-less	yes	15-crappie-or-less	no	9 in and below are over populated they are too much competition for food the hybrid bass is the best control
MO	10-11-inches	no	15-crappie-or-less	no	
MO	no-statewide-size-limit	no	30-crappie-or-more	no	The state size/creel limits work fine. Most lakes have a more restrictive size/creel limit and I would like to see all of them have at least a 10" min. /. 15 daily.
MO	9-inches-or-less	yes	15-crappie-or-less	no	Most of Missouri's south larger lakes have a 10" limit. One exception is Lake of the

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
MO	no-statewide-size-limit	yes	30-crappie-or-more	yes	Always hear fisherman complain that the Crappie are small, yet they keep them. Somehow the part that small fish grow up to be larger if left in lake skipped over their reasoning. Size and creel limits will produce much improved results
MO	10-11-inches	no	15-25-crappie	yes	
MO	no-statewide-size-limit	no	30-crappie-or-more	no	Our state doesn't have state wide size limits but some individual bodies of water have special limits
MO	10-11-inches	no	30-crappie-or-more	yes	
MO	9-inches-or-less	yes	15-crappie-or-less	no	
MO	9-inches-or-less	yes	15-crappie-or-less	yes	great crappie fishing in our state. Lakes get a lot of pressure would like to see bigger crappie. we have some lakes that could produce world class crappie with a bigger size limit
MO	9-inches-or-less	no	15-crappie-or-less	no	9 inches at Truman 10 inches at Stockton 10 inches at table rock
MO	9-inches-or-less	no	15-crappie-or-less	no	
MO	10-11-inches	no	15-crappie-or-less	no	
MO	10-11-inches	no	15-crappie-or-less	no	Varies lake to mostly 15, over 9. New slot limit on one lake, appears to be really helping. 30 limit, only 15 can be over 9", with the remaining 15 to be 9" or less.
MO	9-inches-or-less	yes	15-crappie-or-less	no	
MO	9-inches-or-less	no	15-crappie-or-less	no	I think its ok
MO	no-statewide-size-limit	yes	no-statewide-size-limit	undecided	
MO	9-inches-or-less	no	15-crappie-or-less	undecided	
MO	9-inches-or-less	undecided	15-crappie-or-less	undecided	
MO	no-statewide-size-limit	no	30-crappie-or-more	yes	with size/creel limits everyone gets a chance.
MO	no-statewide-size-limit	yes	15-crappie-or-less	no	
MO	9-inches-or-less	yes	15-25-crappie	yes	
MO	10-11-inches	no	15-crappie-or-less	no	
MO	9-inches-or-less	undecided	15-25-crappie	undecided	I can only speculate on the size and creel limits as I've only just began to fish for crappie. The few I have caught were while fishing for bass. They were 17 and 15 inches respectively. Both were catch and release, with the first in Arizona and the second in Missouri. Have always felt that a person should only keep what they need for a couple of days, not so many as to overload a freezer and have them go to waste.
MO	9-inches-or-less	yes	15-crappie-or-less	no	I would prefer to see a 10 inch minimum.
MO	10-11-inches	no	15-crappie-or-less	yes	some of our lakes have 9' in limit that i belive is to small, stockton lake where i fish the most have a 10in limit i think is a nice size to start
MO	10-11-inches	no	15-crappie-or-less	no	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
MO	no-statewide-size-limit	undecided	30-crappie-or-more	no	There are specific size limits (either 9" or 10" minimums) on certain large lakes and creel limits of 15 fish on these same lakes. These regulations are based on biology and are generally well accepted.
MO	no-statewide-size-limit	undecided	no-statewide-size-limit	yes	It varies from lake to lake on size and limits on some increase limit on others increase size and reduce limits
MO	9-inches-or-less	yes	15-crappie-or-less	no	I don't keep anything under 10"
MS	no-statewide-size-limit	no	30-crappie-or-more	no	
MS	10-11-inches	yes	30-crappie-or-more	no	
MS	12-inches-or-more	no	15-crappie-or-less	no	
MS	12-inches-or-more	no	15-crappie-or-less	no	
MS	12-inches-or-more	no	15-crappie-or-less	no	In Mississippi the size and creel limits depend on which lakes you fish so it's hard to properly fill this out . Creek limits should be reduced on Lake Washington and the size limit should be increased. On lakes such as Grenada, Enid , Sardis , and Arkabutla, the size and creel limits seem acceptable, however I would like to see more enforcement on these lakes. These lakes are heavily fished from in state and out of state fisherman every spring . Fisherman that wade on these lakes often never see an enforcement officer and I know of several that take advantage of this .
MS	10-11-inches	undecided	15-25-crappie	undecided	
MS	12-inches-or-more	no	15-crappie-or-less	no	Per person. Some lakes and reservoirs have no limit some , others have 9", 10", Grenada Lake is the one I know more about. 12" min. size with 15 daily limit. There is a 40 crappie per boat limit for boats with 3 or more anglers.
MS	12-inches-or-more	no	15-crappie-or-less	no	
MS	9-inches-or-less	no	30-crappie-or-more	no	Size limit and count limit do vary around the state depending on the water you are fishing in. I think it should all be the same statewide. I do not oppose to having limits due to the fact of how some guys totally slaughter the quantity of fish during certain times of the year. I do not approve of people catching hundreds of fish a day out of a single fishing hole.
MS	12-inches-or-more	no	15-crappie-or-less	no	
MS	12-inches-or-more	no	15-crappie-or-less	no	
MS	12-inches-or-more	no	15-crappie-or-less	no	
MS	12-inches-or-more	no	15-crappie-or-less	no	Grenada lake has been 12" for a number of years , we still have a abundance of 2 - 3 lb crappie , grenada has a lot of pressure from o.ut- state fishermen , so with out these restrictions we probably wouldn't continue to have a good harvest Each year
MS	no-statewide-size-limit	no	30-crappie-or-more	no	
MS	10-11-inches	no	30-crappie-or-more	no	
MS	no-statewide-size-limit	yes	30-crappie-or-more	yes	Should have one 10 inches

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
MS	12-inches-or-more	no	15-crappie-or-less	no	I think our crappie should be 11 inches and a 20 fish creel .
MS	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	In Mississippi there are different limits in different fisheries depending on the needs of that particular fishery. For example in Sardis, Enid and Grenada lakes the minimum length has to be more than 12" with a creel of 15 per person per day. In the Tombigbee waterway which includes Pickwick the fish must be greater than 9". In other smaller lakes the creel limit remains at 30 but there is no length limit.
MS	12-inches-or-more	no	15-crappie-or-less	yes	I like the 12" size limit on the North Ms big 4. Arkabutla, Sardis, Enid, and Grenada. 15 giant fish may be too many to keep due to the incredible pressure on these waters. Would like to see 10-12 per person per day.
NC	9-inches-or-less	no	15-crappie-or-less	yes	I think that is a good size. My keepers are between 10 and 12 in. That is a good eating size. All others go back into the lake.
NC	9-inches-or-less	no	no-statewide-size-limit	undecided	
NC	no-statewide-size-limit	yes	no-statewide-size-limit	yes	Some people just keep everything that they catch with no intention of eating their catch. I don't like to see that and young anglers should not learn that this is ok !
NC	9-inches-or-less	yes	15-25-crappie	no	
NC	no-statewide-size-limit	undecided	no-statewide-size-limit	yes	N.C. there are lakes that have size and limits usually 8", 9" or 10" and daily creel limits vary also from 20-30. If the lake you are fishing is not listed as one of those mentioned above there is no size of creel limit. I would like to see a 10" minimum size and a 20 fish limit statewide. Thanks for your time
NC	9-inches-or-less	yes	15-25-crappie	no	Some lakes in the state have an 8" size limit some have a 9" and some have a 10". The majority are an 8" I feel that there should be a push to 9" statewide. Some lakes you can go catch a good limit of 12-14" fish others you can catch more numbers but the fish are small
NC	no-statewide-size-limit	yes	15-crappie-or-less	yes	10 inch minimum ,15 creel limit is fine.
NC	9-inches-or-less	yes	15-25-crappie	no	
NC	10-11-inches	no	15-25-crappie	no	20 per person per day. 10 inch
NE	no-statewide-size-limit	no	15-crappie-or-less	yes	Advances in technology have resulted in big increases in catch rates for fish. Lower limits need to occur to balance the increase in catch rates. Size limits should be modified to individual lakes, not state wide rules.
NJ	9-inches-or-less	yes	15-crappie-or-less	no	We have out of state poachers who comes and take fish multiple times a day during the prespawn season. Perhaps a longer closed season would prevent that?
NJ	9-inches-or-less	no	15-crappie-or-less	no	I think some stats allow to many to be taken at once
NM	no-statewide-size-limit	undecided	15-25-crappie	no	There are some lakes in this state where crappie are stunted. I believe we need to address the size and creel limit in this state. The state also need to realize the crappie is a game fish and not spend all their funding on trout.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
NV	no-statewide-size-limit	no	no-statewide-size-limit	no	
OH	9-inches-or-less	no	30-crappie-or-more	yes	Crappie are small in most of our lakes and resivours.some are over fished.
OH	9-inches-or-less	undecided	30-crappie-or-more	undecided	My experience has been that since the 9" minimum limit has been in place, the size of the crappies we catch has improved. The creel limit of 30 is reasonable.
OH	no-statewide-size-limit	yes	30-crappie-or-more	yes	
OH	9-inches-or-less	yes	15-crappie-or-less	yes	Creek limit should be 9 inches or more 3 per day.
OH	no-statewide-size-limit	yes	30-crappie-or-more	yes	It can vary from lake to lake but; most of the time size and creel limited is pretty well wide open!
OH	no-statewide-size-limit	no	no-statewide-size-limit	no	We have size and creel limits but they are set by ODNR biologist for each body of water. Seems to be working okay but time will tell.
OH	9-inches-or-less	yes	30-crappie-or-more	undecided	Most lakes Vary from size and limit throughout the state.
OH	9-inches-or-less	yes	15-25-crappie	no	Some lake I fish the fish are stunted and overpopulated. The state should sample and test these fish for age vs size and raise the size and creel limit accordingly.
OH	no-statewide-size-limit	yes	no-statewide-size-limit	no	I really wish Ohio would reinstate statewide size and creel limits on all fisheries. I believe it would improve the overall Crappie population and fishing experience. In addition some of the fisheries have specific creel and size limits which can be confusing.
OH	9-inches-or-less	no	15-25-crappie	no	Size and creel could be based on health and size of crappie population in lake. The Current regs are just fine.
OH	9-inches-or-less	yes	15-crappie-or-less	yes	
OH	9-inches-or-less	no	30-crappie-or-more	no	
OH	9-inches-or-less	no	15-25-crappie	no	i believe that the 9 inch limit is a very good thing. gives the smaller fish a chance to grow and be more abundant.
OH	9-inches-or-less	yes	30-crappie-or-more	yes	
OH	no-statewide-size-limit	undecided	30-crappie-or-more	no	We have a healthy crappie population in NE Ohio. I do believe that tweaking limits could benefit in a more balanced population.
OH	9-inches-or-less	yes	30-crappie-or-more	yes	9" minimum 30 fish total
OH	9-inches-or-less	no	15-25-crappie	no	
OH	9-inches-or-less	yes	30-crappie-or-more	no	
OH	9-inches-or-less	no	30-crappie-or-more	no	
OH	9-inches-or-less	no	30-crappie-or-more	yes	1. State wide with the exception of a few lakes the size limit is 9 inches with a creel limit of 30 crappie per person per day. 2. I think the creel limit should be 20 crappie per person per day. 3. I think a slot limit would also be a benefit to creating larger crappie. Keep only 1 or 2 crappie over 12 or 13 inches. 4. There is not a lot of meat on a crappie 9 inches or less so I would keep the minimum size to 9 inches.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
OH	9-inches-or-less	no	30-crappie-or-more	yes	I would like to see a limit of 20. In addition no more than 2 fish bigger than 12" . This might help to improve the bigger fish reproduction and pass on those bigger genes.
OH	9-inches-or-less	yes	30-crappie-or-more	yes	Have to be 9in.30 a day I think they should make it 12in
OK	no-statewide-size-limit	no	30-crappie-or-more	no	Currently Oklahoma has neither a creel or size limit. I don't feel that one is needed.
OK	10-11-inches	no	15-crappie-or-less	no	I think less than 10 inch should not be harvested. my lake has 15 fish limit. state limit is 37
OK	10-11-inches	yes	30-crappie-or-more	yes	these new live scope type of Fish locators as they become more popular will and get cheaper will leave lakes with only small Fish of any kind left. The Guides now are only spotting only the biggest fish for customers. Nor good for any species expecially Crappie because most are not catch and release like Bass. Fisherman are no longer going Fishing Fish now only going catching. But i know Money win's ever time. A creel limit of fish over a certian size might have to be made.
OK	no-statewide-size-limit	no	30-crappie-or-more	undecided	Certain lakes do have a length limit, Lake Texoma, Grand Lake, and Ft. Gibson Lake have a 10" length limit.
OK	no-statewide-size-limit	yes	30-crappie-or-more	no	
OK	no-statewide-size-limit	undecided	no-statewide-size-limit	yes	
OK	12-inches-or-more	no	15-crappie-or-less	no	
OK	no-statewide-size-limit	yes	30-crappie-or-more	no	
OK	no-statewide-size-limit	no	30-crappie-or-more	undecided	
OK	no-statewide-size-limit	yes	30-crappie-or-more	yes	11 inch size and 20 creel limit.
PA	9-inches-or-less	no	30-crappie-or-more	no	you have to many small that stuns them .
PA	9-inches-or-less	no	15-25-crappie	no	Question 4, can kind of be miss leading to answer. Am not sure I answered it correctly. On Pymatuming Lake and Shenango Lake, in the past few years they changed the length to 10 inches to keep. Also know that prior to doing it on these lakes, they had done it on others. Personally, I never kept them under 10, as you don't get much meat off of them for the time involved in cleaning them.
PA	9-inches-or-less	yes	30-crappie-or-more	yes	
PA	no-statewide-size-limit	yes	30-crappie-or-more	yes	
PA	9-inches-or-less	yes	15-25-crappie	yes	my state does not check as often as they should we see opeople keeping anything that they catch

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
PA	9-inches-or-less	yes	30-crappie-or-more	no	
PA	no-statewide-size-limit	yes	15-25-crappie	yes	
PA	no-statewide-size-limit	yes	30-crappie-or-more	yes	
PA	no-statewide-size-limit	yes	30-crappie-or-more	yes	
PA	9-inches-or-less	no	15-25-crappie	yes	Big Bass Lakes have a 9" size and 25 limit, and most other lakes have no size and 50 limit.
PA	no-statewide-size-limit	yes	30-crappie-or-more	no	
PA	no-statewide-size-limit	undecided	no-statewide-size-limit	undecided	I think the best approach to creel limits would be to study each individual lake and then make a determination. The lakes with the highest usage would be more susceptible to over harvest. Lower fishing pressure lakes could become overpopulated with crappie and the average size could become smaller because of reduced amount of available food.
PA	9-inches-or-less	no	no-statewide-size-limit	no	I am fine with the current size and limits of crappie bass.
SC	9-inches-or-less	no	15-25-crappie	no	
SC	9-inches-or-less	yes	15-25-crappie	undecided	10 inch size limit for all lakes not bordering other states and same limit or no limit depending on bordering states regulations. South Carolina has a size of 8 inches but bordering states Georgia and North Carolina have none. South Carolina limit of 20 but bordering states Georgia and North Carolina have no limits.
SC	9-inches-or-less	yes	15-25-crappie	no	Our State should increase the size limit from 8 inches to 10 inches.
SC	9-inches-or-less	yes	30-crappie-or-more	no	
SC	9-inches-or-less	yes	15-25-crappie	no	I believe the state should raise the size limit from 8 to 9 inches.
SC	9-inches-or-less	yes	15-25-crappie	yes	Should be 10" size limit
SC	9-inches-or-less	yes	15-25-crappie	yes	12" 15 limit
SC	9-inches-or-less	yes	15-25-crappie	yes	SC should be 10" minimum
SC	9-inches-or-less	no	15-25-crappie	no	
TN	10-11-inches	yes	30-crappie-or-more	yes	In Tennessee we have a 30 fish limit at 10 inches I think we would have better sized fish at 15 fish limit at 12 inches
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-25-crappie	no	
TN	10-11-inches	no	15-25-crappie	no	
TN	10-11-inches	no	15-25-crappie	no	20 fish per person is all anyone needs. 15 would be enough

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TN	10-11-inches	yes	15-crappie-or-less	yes	
TN	10-11-inches	no	30-crappie-or-more	yes	
TN	10-11-inches	no	15-crappie-or-less	yes	Used to be tons of crappie when no limits.
TN	10-11-inches	no	15-crappie-or-less	yes	When they set this creel limit there was only 1/3 of the crappie fishermen we have today. I fish for them over 100 days per year & I have seen changes over the last 2 years
TN	10-11-inches	no	30-crappie-or-more	no	It seems to be working good the way it is.
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	yes	15-25-crappie	undecided	Tennessee has a wide variation of fishable bodies of water and as such should impose limits based on each location instead of statewide limits. Some fisheries are exceeding expectations while others struggle to produce any number of fish above the minimum size requirements. A state limit hampers the effectiveness of individual bodies of water from creating effective programs to include unique requirements.
TN	10-11-inches	no	15-crappie-or-less	no	I think Tenn should allow one over the limit,, for a dead fish that swallowed the hook an began bleeding
TN	10-11-inches	yes	15-25-crappie	yes	I think the current creel limit is too large. Too many fish are being taken out of the systems by people that just want to stock pile their freezers. I think it should be 7 daily, and if found in possession of more than twice the daily creel limit at any given time, they can be fined. IF they did that, they would have to enforce it. I know people right now, that have 10+ daily limits of fish in their freezer.
TN	10-11-inches	no	15-crappie-or-less	no	Current regulations are working. I am sure TWRA would propose changes if the crappie population was adversely affected by fishing pressure. One area to watch is the development in electronics, Can finding crappie impact the population ?
TN	10-11-inches	yes	30-crappie-or-more	yes	I believe that an increase in size limit would be beneficial in most lakes in Tennessee. (1) increased numbers of spawning age crappie and (2) increased opportunity to catch bigger fish. Decreased creel limits could help provide more fishing opportunity for more anglers. Thanks CC
TN	no-statewide-size-limit	no	30-crappie-or-more	undecided	I think each lake has different needs, some lakes need to cull smaller fish. I am interested in seeing what this livescope has on big fish, may need to limit the larger fish.
TN	10-11-inches	yes	15-crappie-or-less	yes	11 inch size limit and 10 fish limit

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TN	10-11-inches	no	15-25-crappie	no	my answers reflect the studies performed by Tennessee Tech University regarding size limits. those studies concluded that increasing size limits could be detrimental to crappie populations and size structure. as far as creel limits, those are basically feel good policies that tend to spread out crappie harvest and little to do with population management.
TN	10-11-inches	no	30-crappie-or-more	no	I think our state has it right at the moment
TN	10-11-inches	no	15-crappie-or-less	no	Creel limit should be increased!
TN	10-11-inches	yes	15-crappie-or-less	undecided	Make the size limit 11 inches
TN	10-11-inches	no	15-crappie-or-less	undecided	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	yes	15-25-crappie	yes	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-25-crappie	no	
TN	10-11-inches	yes	15-crappie-or-less	no	I would like to see the size limit raised from 10 to 12 inches. There may be a tough couple of years to catch keepers, but it would give the females a couple more years to spawn before being harvested. Which I believe will raise the overall numbers of crappie.
TN	10-11-inches	yes	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	undecided	15-crappie-or-less	no	
TN	no-statewide-size-limit	no	15-crappie-or-less	no	
TN	10-11-inches	yes	15-crappie-or-less	yes	10,12inch crappie
TN	10-11-inches	yes	15-crappie-or-less	yes	need to have a bigger size and lower limits to no more than 10. to much pressure on all the fish in chickamauga
TN	10-11-inches	yes	15-crappie-or-less	yes	Slot limit would be preferred. 10 fish daily limit, only fish between 11-13" to be kept.
TN	10-11-inches	no	15-crappie-or-less	no	It gets frustrating when you have to go through 50 fish for 1 legal keeper. I don't know what the solution is but there seemed to many more 12-14 inch fish before the size limit.
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	yes	15-crappie-or-less	no	Creel limits don't matter when same people fish every day and get there limit and keep stocking their freezer that's why I would like to see the size limit go up to make it harder for people to get their limit your out there to have fun the bonus is the meat and maybe one of those smaller fish might turn out to be a record of they got a chance
TN	10-11-inches	no	15-crappie-or-less	yes	I believe the creel limit should be lowered to 12. I think Chickamauga gets a ton of pressure from crappie fisherman and 12 crappie filleted is plenty for anybody. I think that would save some of the big females at spawning time and allow the resource to renew at a better rate.
TN	10-11-inches	no	15-crappie-or-less	yes	Currently 15 a day per angler with a 10 inch minimum size limit. It seems to be good so far but would like to see the creep limit lowered to 7. But what do I know lol
TN	10-11-inches	yes	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	I like the length and creel limit we have and think it makes a positive difference.
TN	no-statewide-size-limit	yes	no-statewide-size-limit	yes	
TN	10-11-inches	no	15-crappie-or-less	no	I was not in favor of the 10 inch size limit when it was first introduced, but it has been good for the crappie population. Some of the smaller crappie get to spawn each year. I think the 10 inch limit is optimum and would not be in favor of any increase. Creel limits are necessary with the increased demand on the resource.
TN	10-11-inches	no	15-crappie-or-less	yes	I think 10 inch size limit is good. I would like to see the creel limit reduced to 10 assuming the river system can support a larger population.
TN	10-11-inches	yes	15-crappie-or-less	no	I would go with 11 inches. Keep the limit as it is.
TN	10-11-inches	no	15-crappie-or-less	no	Many lakes where I fish have large numbers of 9-10" fish, so having an opportunity to harvest something (even if they aren't giant) is important to me.
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	yes	15-25-crappie	yes	I would like to see a 10 fish creel limit on crappie and an eleven inch size limit so as to give the 10 inch fish a year to spawn.
TN	no-statewide-size-limit	undecided	30-crappie-or-more	undecided	
TN	10-11-inches	no	15-crappie-or-less	no	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TN	10-11-inches	undecided	15-crappie-or-less	undecided	What we have now seems pretty fair but I wouldn't be opposed to trying 11" size and 10 creel if the biologists felt it was needed, at least for a trial period. Weather probably is affecting the spawn and age classes more than limits. We've had tons of rain, causing major flooding and huge fluctuation in lake levels. Not sure if this has hurt the spawn or not. I would think timing is key but I can't imagine this not having some influence on the spawn. Hopefully our biologists know their stuff and will make the right decisions.
TN	no-statewide-size-limit	yes	no-statewide-size-limit	undecided	
TN	10-11-inches	no	30-crappie-or-more	undecided	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	yes	15 fish with 10" size limit
TN	10-11-inches	no	30-crappie-or-more	yes	
TN	10-11-inches	yes	15-crappie-or-less	no	I think the creel limit is correct for the lakes in Eastern Tenn. I have a personal size of 11 inches that I've gone by for several years. Wish everyone else done the same.
TN	10-11-inches	yes	15-crappie-or-less	no	I think 15 per person is great. With that being said there is some lakes in Tn that have a 30 limit. I think it should be 15 per person and 11 inch size across the state. Just my 2 cents to make it easier to keep up with
TN	10-11-inches	undecided	15-crappie-or-less	yes	I worry that with better and better technology that more and more people fishing will deplete the population too much
TN	10-11-inches	no	15-25-crappie	no	
TN	10-11-inches	yes	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	These size and length limits were established by fisheries personnel using data collected on angler success, growth rates, and the size of fish that can successfully spawn viable eggs. Changing size or creel limits based on angler opinions is foolish and counter productive.
TN	10-11-inches	no	15-crappie-or-less	no	10" 15 per person per day
TN	10-11-inches	no	15-25-crappie	no	
TN	10-11-inches	no	30-crappie-or-more	yes	The lake I fish has a creel limit of 30 fish 10 inches or longer. I feel that a creel limit of 15 fish would be better for the lake. Fifteen fish is plenty if a person is looking to stock the freezer. Thirty is too many in one day, especially when most crappie are taken when the fish are spawning.
TN	10-11-inches	no	15-crappie-or-less	no	I feel the size limit and creel limits have been a good thing for the state on our rivers and streams. Has increased the fishing opportunity and spread the experience of the joys of the catch. The 10 provides a good size filet as well.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	yes	30-crappie-or-more	yes	I think size limits should be 11-12 inches and creel limit of 15 fish. Most 10 in fish are like potato chips thick.
TN	10-11-inches	no	30-crappie-or-more	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-25-crappie	no	Certain TN lakes have creel limits of 30 like Old Hickory, Percy Priest. Think 10 inch or bigger is OK for those crappie we can keep.
TN	10-11-inches	no	15-crappie-or-less	yes	
TN	10-11-inches	no	15-crappie-or-less	no	I think the limits are set to a fair number. Personally I usually don't keep any crappie over 13 inches. I like the smaller ones to eat.
TN	10-11-inches	undecided	15-crappie-or-less	undecided	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-25-crappie	no	very good
TN	10-11-inches	no	30-crappie-or-more	yes	
TN	10-11-inches	yes	15-25-crappie	no	
TN	10-11-inches	yes	30-crappie-or-more	yes	Due to the Asian carp problem in Barkley Lake the crappie fishing is down and has been down for years. I feel they need to drop the limit to help maintain the crappie fishery.
TN	10-11-inches	undecided	15-crappie-or-less	undecided	I have watched the speckled trout dwindle in Florida due to what I believe is poor management and allowing commercial over harvesting. This year the limit in our county is Three/day, 15" minimum and one above19" ! Back in the 60s I knew folks who boasted catches of 1000 in one day. Florida has exploited the fish resource to bolster the tourist industry. For years there were no limits. They were foolish to allow that for as long as they did. They limited the recreational fishing and let the commercial fishermen over harvest. Now we must be looking at collapsing populations of no only trout but snapper and grouper as well. I will hope that the folks in charge of freshwater fish stocks do a better job of management than their saltwater counterparts have done in Florida. Fishing techniques and technology have improved the average fisherman's ability to catch crappie. There are a lot more fishermen . So it's only logical to look scientifically at what limits need to be set to insure a healthy fish population in the future!
TN	10-11-inches	undecided	15-crappie-or-less	yes	Creel limits is a good way of conservation
TN	10-11-inches	no	15-crappie-or-less	no	10" minimum and 15 limit is fair on Chickamauga for lake conditions at this time. Large impoundments may need to be managed on a lake-by-lake basis depending on the health of the fishery.
TN	10-11-inches	no	15-crappie-or-less	undecided	Injured catches maybe,
TN	no-statewide-size-limit	yes	30-crappie-or-more	yes	I fish Reelfoot Lake. There is a limit on TN River of 10" I believe.
TN	10-11-inches	no	15-crappie-or-less	no	For TN, I think the current limits work. We fish often in AL where the size limit is 9". Just think this is too small, barely big enough to eat, and I don't see how it can have a positive impact on the species.

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TN	12-inches-or-more	no	15-crappie-or-less	no	I live in Tennessee; however, the vast majority of my crappie fishing is done in Mississippi. My answer are based on Mississippi requirements.
TN	10-11-inches	yes	30-crappie-or-more	yes	
TN	10-11-inches	no	30-crappie-or-more	no	
TN	9-inches-or-less	no	30-crappie-or-more	no	I believe one of the causes of stunting among crappie is low creel limits. Creel limits in most cases should be raised to prevent stunting and increase fish survival rates. Many anglers who throw back undersized fish are killing them. Raise the creel limit and require anglers to keep what they catch and not release them. In fact, I think catch and release is harming fish populations given that a majority of the throwbacks die anyway.
TN	10-11-inches	no	15-crappie-or-less	yes	
TN	10-11-inches	undecided	15-crappie-or-less	no	
TN	10-11-inches	no	30-crappie-or-more	yes	Would like to see 20 creel limit
TN	10-11-inches	no	15-crappie-or-less	no	I think the limits both size and quantity are correct. on Lake chickamauga.
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	30-crappie-or-more	no	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	15-25-crappie	yes	
TN	10-11-inches	no	15-crappie-or-less	no	
TN	10-11-inches	no	30-crappie-or-more	yes	Change to 11 inch and 20 per person creel limit
TN	10-11-inches	no	15-crappie-or-less	undecided	
TX	10-11-inches	no	15-25-crappie	no	I think more lakes ought to go to the no length limit November-February.
TX	10-11-inches	no	15-25-crappie	no	25 @ 10" or larger per day is plenty for anyone. Why deplete the population any more. I allow my clients to take on 25 per trip regardless of the number of people.
TX	10-11-inches	no	15-25-crappie	no	
TX	10-11-inches	no	15-25-crappie	no	I like our 10 in. 25 creel limit in Texas. When i was 10 years old we had a 50 creel limit in the 60s/70s and only reached this one time. It was a little to high, but wish it was 30 now. 10 in. is a good size limit.
TX	10-11-inches	no	15-25-crappie	undecided	Depends on the lake. Right now Joe Pool has way too large a population, resulting in a lot of small crappie. It would be nice if they would lower the size limit on Joe Pool to 9" to thin out the population.
					I personally only keep crappie between 11-13 inches to fillet but I only keep five a week. But I know a lot of people who have trouble finding crappie 10" or larger on Joe Pool Lake so lowering the size to 9" on this lake would help them and would also improve the crappie population on the lake for overall size.
TX	10-11-inches	no	15-25-crappie	yes	

Question 1	Question 2	Question3	Question 4	Question 5	
What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
TX	10-11-inches	no	15-25-crappie	undecided	
TX	10-11-inches	no	15-25-crappie	yes	First 15 fish . Keep all
TX	10-11-inches	undecided	15-25-crappie	no	Texas has a 10"size limit. In some lakes I believe moving the length to 12" would allow the smaller fish to reach their potential. Just my opinion.
TX	10-11-inches	no	15-25-crappie	no	Some studies show that a 6-inch crappie could be an old crappie that has been stunted in it's growth. No way of knowing if it's genetic or because of environmental factors.
TX	10-11-inches	no	15-25-crappie	no	I like size and creel limit. The fish needs to be at least 10 in to fillet and you should not harvest more than you need for a couple meals.
TX	10-11-inches	no	15-25-crappie	no	I believe you should be allowed to keep the first 25 fish caught, as we do on certain lakes in Texas in the winter time.
TX	10-11-inches	no	15-25-crappie	no	
TX	10-11-inches	yes	15-25-crappie	no	
TX	10-11-inches	no	15-25-crappie	no	
TX	10-11-inches	no	15-25-crappie	no	
TX	10-11-inches	no	15-25-crappie	no	25 per day is good
TX	10-11-inches	yes	15-25-crappie	no	
TX	10-11-inches	no	15-25-crappie	no	Texas has an 11 inch size limit on crappie and changing this to a larger size, say 12 inch, would not produce larger Slab Crappie. In fact it could hurt the healthy crappie population we have now.
TX	10-11-inches	no	15-25-crappie	undecided	
TX	10-11-inches	yes	15-25-crappie	yes	With the new sonar I'm very worried about our resources.
TX	10-11-inches	undecided	15-25-crappie	undecided	
TX	10-11-inches	yes	15-25-crappie	undecided	
TX	10-11-inches	no	15-25-crappie	no	I believe that it should be between 9.5-10 and higher to keep
TX	10-11-inches	no	15-25-crappie	no	
TX	10-11-inches	no	15-25-crappie	no	
VA	no-statewide-size-limit	undecided	15-25-crappie	undecided	
VA	10-11-inches	no	15-25-crappie	undecided	I think we should always be alert to potential problems such as over fishing and the results of that activity. Size limits, I think, do help as well as creel limits. I mean anyone who catches 20-25 10" crappie and it is not enough must be hungry, have a large family or are just plain greedy. That is just my opinion of course, and there are so many other circumstances to consider.
VA	9-inches-or-less	yes	15-25-crappie	no	10" limit state wide- VA

Question 4

Question 5

What state do you live in?	Does your state have a size limit on crappie of:	Do you believe your state should place a size limit on crappie LARGER than your existing size limit?	Does your state have a daily statewide creel limit on crappie of:	Do you believe your state should place a creel limit on crappie SMALLER than your existing creel limit?	Please comment below regarding size/creel limits in your state.
VA	10-11-inches	yes	30-crappie-or-more	yes	Limited resource that should be controlled at a higher level than currently. Release egg bearing fish during a defined spawning period. Increase keeper size to 12" year round. Reduce creel limit by 50%.
VA	10-11-inches	yes	15-25-crappie	yes	With Live Scope and the increase in crappie fishermen I think we need to reduce the creel limit to 15 fish or less and only 1 fish over 2#. Also, if fishing with a professional or paid guide the guide should not be able to keep or posses any fish.
WA	no-statewide-size-limit	no	no-statewide-size-limit	no	
WI	no-statewide-size-limit	yes	15-25-crappie	yes	
WI	no-statewide-size-limit	undecided	15-25-crappie	undecided	There is no size limit for any panfish and for creel you can keep 25 Crappies, 25 Panfish. 25 Perch in the same day. support more restrictive measures on lakes where it would have the best results (value added).
WI	no-statewide-size-limit	yes	15-crappie-or-less	yes	
WI	no-statewide-size-limit	undecided	15-25-crappie	undecided	i think wis. should have a 10 fish limit on crappie and a 11" size limit
WI	no-statewide-size-limit	undecided	15-25-crappie	yes	I live near the minn.--wis. boundary waters and they made changes from 25 to 15. I think it was the right thing to do.. THEY DID IT ON BLUE GILLS AND PERCH ALSO. wis .should do the same thing.
WV	no-statewide-size-limit	no	no-statewide-size-limit	no	Panfish reproduce in large numbers. Once the population gets large, the size becomes stunted and the fishery is ruined. Keeping some of the smaller crappie (or any fish) is the way to prevent over population and to help maintain a larger size.
WV	no-statewide-size-limit	undecided	no-statewide-size-limit	yes	It's coming 2021
WY	no-statewide-size-limit	undecided	30-crappie-or-more	yes	Due to the high number of variables in aquatic systems placing statewide size and creel limits on crappie (and other fish species) can be counter productive. To effectively manage any fish species biologists really need to "custom fit" size and creel limits to each water. This is typically not done in most states because of the resulting complexity in the fishing regulations. and anglers desires for "simple and easv to understand" reulations.
